

CABO DAZE TABLE

AUTOMATIC ETHANOL FIREPLACE

Net Zero fireplace with the BEV Technology®

AUTOMATIC BEV® BURNER

The automatic burner with the patented BEV Technology® is the most advanced product in the industry ensuring the cleanest burning process without any smoke, smell or ash. The flame is produced by combusting ethanol vapours and has no direct contact with the liquid fuel.

OUTDOOR AUTOMATIC FIRE

A new level of automatic ethanol fire. With the electronics sealed in a watertight compartment, Cabo can be used in outdoor spaces as it is fully resistant to rain and humidity.

FLAME CONTROL

Have control over the fire and take advantage of the 6-stage flame height regulation.

REMOTE CONTROL

Control the fire with the included remote or mobile app on your smartphone.

NEW REFILLING SYSTEM

The fireplace has a new internal fuel pump with an integrated fuel hose. All you have to do is insert the hose into a fuel canister and push the button to start refueling.

SINTERED CERAMIC BOX

The box is made of the highly-renowned Dekton surface by Cosentino – ultra-compact material made from sintered ceramics, quartz and glass. Its high-performance offers scratch and stain resistance and is known to withstand high temperatures. It has an elegant matte look of Daze marble, making it an eye-catching decoration in any space.

MOBILE FIRE TABLE ON WHEELS

Cabo Table with wheels offers a major advantage of versatility, allowing you to move the warmth and cozy ambiance from one place to another. This portability also makes it easier to redecorate your living spaces, granting you the flexibility to shift your fireplace according to your changing design aesthetics or seasonal needs.

All product specifications and data are subject to change without notice and are believed to be accurate as of the date hereof. Planika Sp. z o.o., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Planika Sp. z o.o."), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any document or in any other disclosure relating to any product. To the maximum extent permitted by applicable law, Planika Sp. z o.o. disclaims any and all liability arising out of the application or use of any product.
