WATER VAPOUR FIREPLACE

Net Zero fireplace with Optimyst® technology

OPTIMYST® TECHNOLOGY

The technology utilizes ultra-fine water mist produced by a silent ultrasonic atomizer. The mist is illuminated by LED lights, creating a convincing illusion of flames and smoke.

INSTANT CHARM

Freestanding design - simply place it in your chosen space and let its cozy steam embrace your surroundings. Perfect for those seeking ambiance without the fuss, this pint-sized addition promises instant charm in any space.

EASY REFILLING

Cool Flame features a convenient water dispensing mechanism that works with filtered tap water. The removable water tank can be easily taken out, refilled and put back in place, ensuring simple operation and maintenance.

AROMATHERAPY KIT

Enhance the experience with an aromatherapy kit, featuring three elegant oils: Cashmere, Sweet Orient and Sandalwood. Simply light the fireplace, and enjoy the soothing scents wafting through your space.

REMOTE CONTROL & MOBILE APP

The remote control feature is designed for your convenience. With a practical remote or mobile app, you can easily control all the features of your Cool Flame fireplace without having to get up from your couch.

SOUND OF CRACKLING WOOD

Includes a realistic wood crackling sound effect, enhancing the experience of a traditional fire. Cool Flame comes with an optional log set, ensuring the authentic fireplace experience and adding an extra touch of traditional charm to your fireplace.
